Community Arts

Our Purpose

- The Community Arts program ensures vibrant work is created, new voices are celebrated, and artists and audiences inclusive of the Bay Area's diverse communities and cultures have opportunities to thrive.

- Arts and culture belong at the center of a thriving region
- The arts are a valuable tool for creating a sense of vibrancy, belonging and dignity

Grantseekers are evaluated across disciplines

Applications are evaluated by a rotating panel of Bay Area artists

Evaluation of Community Arts applications are based on four criteria. Each of the criteria are weighted (as indicated) to combine for a total score of 100.

How clearly did the grantseeker articulate the necessity of the work of the organization at this moment? Why is this work being done, and why now?

30% - Artistic Excellence/Craft

Who is doing the work and what is the level of skill and craft exhibited in the work?

30% - Community Served

How rooted is the grantseeker in the desired community, what is the plan for reaching the intended community, what is the need of the community being served?

10% - Capacity

Does the grantseeker have a reliable organizational structure or confirmed plan for execution of the project; is there staff capacity, resources, and clarity of purpose? Does the grantseeker have necessary community connections and support?

THE COMMON APP

Welcome to the Common Application for the Arts - Bay Area

This is a tool created by Bay Area arts funders to streamline the application process and save grantseeking artists and arts and culture organizations time and resources.

THE COMMON APP is intended to simplify the grant application process and, once completed, grantseekers can use the responses created in THE COMMON APP to submit applications for arts grants at multiple arts funding opportunities across the Bay Area as eligible. Questions asked in THE COMMON APP will match between 90-100% of those asked by the participating funders.
